‘Next Level Genetics’

For the second consecutive year, Kentish Downs Poll Dorset Stud has been recognised by Sheep Genetics with a 5-star data quality score. This accolade reflects our commitment to upholding superior genetic standards and maintaining rigorous data integrity.

We have meticulously recorded DNA for the entire flock of 1,100 ewes, ensuring the pedigree of every lamb that is bred, is fully guaranteed. Each lamb is weighed at birth and genomics tested, particularly focusing on hard-to-measure traits such as eating quality.

We continue to invest in integrating the latest technology and fully benchmarking all progeny. All rams offered at our sales are ranked among the highest-value indexing terminal sheep in Australia.

Genomics

Performance Data by Kentish Downs

Sheep Genetics would like to recognise
Kentish Downs (160336)
for their 5 star data quality score

On average, flocks with a 5 star data quality score have higher index accuracies and greater rates of genetic gain

Sheep Genetics data quality score reflects

- the amount of data,
- completeness and accuracy of records,
- data structure, and
- timeliness of submission

[illegible]

All rams are guaranteed for structure and soundness. The guarantee does not cover bad management; a vet certificate is required before a replacement ram is provided. Bruco accred: 82271.

For any studs wishing to purchase a stud ram, the base price will begin at \$5,000. This needs to be disclosed to a selling agent prior to the Auction. Kentish Downs Poll Dorset Stud retains 100% semen marketing rights to any ram purchased at this sale.
